Quantum Edge Publishing, United States, 2015. Paperback. Book Condition: New. Tom Edwards (illustrator). 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.A heavily damaged alien research vessel in the Andromeda galaxy is hurtling toward a planet. The aliens should not be there. They have been traveling through space and time, abducting apex predators and sticking them in virtual simulations for research. The problem is the virtual simulations are powering down, unleashing the specimens on the ship. Dr. Albert Snowden and his neice, Emily, were abducted by the aliens. They are visited by a mysterious being named Evaran in the last minutes of the virtual simulation. He has decided to interfere in this timeline-changing event and rescue them. Stopping the ship from crashing into the planet before getting to Evaran s ship is one issue. Navigating the apex predators on the loose is another. To make matters worse, Jerzan Graduul, infamous leader of the Bloodbore mercenary pack, has boarded the ship in search of salvage opportunities, and has noticed Evaran s ship. The hunt begins.
