LAP Lambert Academic Publishing Jan 2013, 2013. Taschenbuch. Book Condition: Neu. 220x150x5 mm. This item is printed on demand - Print on Demand Neuware - A lot has been written on conflict but little or no information regarding conflicts involving pastors has so far been well documented. Although information on workplace conflicts is widely in circulation but a church situation which constitutes pastor's working environment is totally different from other work places. For example, in the AFM in Zimbabwe church, pastors in their various capacities are responsible for dealing with conflicts situations, administering church doctrines, enforcing Christian values and constitutional regulations. In reality, if the pastor is involved for instance, in misappropriation of church funds, extra-marital affair or any other misdemeanor, the church will not grow both numerically and spiritually. If anything, such situations create disgruntlement, tear the church apart and blackmail the entire Christian community. Spiritually and morally such practices stains the purity of the church. To the wider community, people who might want to convert to Christianity may get discouraged now that the leaders to whom they seek for spiritual help are involved in such vices. 88 pp. Englisch.
