Macroeconomics Plus MyEconLab without eText (Mixed media product)

By Robert J. Gordon

Pearson Education Limited, United Kingdom, 2013. Mixed media product. Book Condition: New. Pearson new international ed. 275 x 215 mm. Language: N/A. Brand New Book. Macroeconomics is widely praised for its ability to present theory as a way of evaluating key macro questions, such as why some countries are rich and others are poor. Students have a natural interest in what is happening today and what will happen in the near future. Macroeconomics capitalizes on their interest by beginning with business cycles and monetary-fiscal policy in both closed and open economy. After that, Gordon presents a unique dynamic analysis of demand and supply shocks as causes of inflation and unemployment, followed by a dual approach to economic growth in which theory and real-world examples are used to compare rich and poor countries. MyEconLab New Design is now available for this title! MyEconLab New Design offers: *One Place for All of Your Courses. Improved registration experience and a single point of access for instructors and students who are teaching and learning multiple MyLab/Mastering courses. *A Simplified User Interface. The new user interface offers quick and easy access to Assignments, Study Plan, eText Results, as well as additional option for course customization....
